Signature: _____

Course Information

Selecting the Right Course.

There are options available in the Easter Programme. It is important that you select a course that is the right level for you. If you are not ready for a level, the instructor reserves the right to determine your placement. Please note the following:

Beginner Opti:

- “ I am up for an adventure
- “ I can listen and follow directions
- “ I am confident in and around the water
- “ I want to learn how to sail

Intermediate Opti: *plus all the above

- “ I can launch and dock my boat safely
- “ I can right my boat from a capsize with a little help
- “ I can steer my boat purposefully from one place to another
- “ I can trim my sail when I think about what the wind is doing
- “ I want to learn more about sailing

Racing Opti: *plus all the above

- “ I can sail upwind and downwind confidently
- “ I can right my boat from a capsize on my own
- “ I am confident in windy conditions
- “ I like—or think I will like—racing

Byte: (intermediate opti /racing opti level only– planned for Spring 2018)

- “ I am getting big for an opti and would like to try a bigger dinghy

How much does the course cost?

Each course costs \$300.00, which must be paid prior to the start of the course. There is a sibling discount of \$25 total for this full price option only. **Early bird discount price: \$250.00**

For **children and grandchildren of current SBC Members**, the cost is \$250.00. There is no sibling discount. **Early bird discount price: \$200.00**

Early bird price- payment must be received by March 10.

You may pay online at HSBC 004-000188-014 or pay by cash or card at the bar during Club opening hours.

Are there age limits?

It is not so much an age limit as a confidence/attention span limit at the lower end and a size limit at the other end. Your child should be a reasonably confident swimmer that is not scared of deep water. Sailors sail optimist pram dinghies until they are 15, but some do size out well before then. *If there is sufficient interest, we may add a class in the bigger Byte dinghy in the spring.

What are the pick-up and drop-off times?

All sailors should wait on the top patio by the east (HSBC) parking lot if they arrive before the instructor. This is the gate used for entry also.

It is important that you get to the course on time. Please be there by 9:00 and let the instructor know if you will not be coming on that day. The Club is gated and you may not be able to get in if you are late.

The finish time is 4:00. Please have your pickup organised and on time!

For the Half Term Break week, classes begin at 9 sharp and pickup time is 4PM. You can be dropped off at 8:30.

What does my child need to bring?

You need a properly fitting **lifejacket**, worn over a sun shirt or bathing suit (girls need shorts, and not supershort ones or you might be uncomfortable sitting on the side of the boat). We do have some lifejackets available at the Club. You also need properly fitting water shoes or sneakers that can be worn in the water. **Sunscreen and a hat** are musts, as is a water bottle. Everything must be **clearly labeled!** Please take home your belongings.

Please bring a healthy packed lunch to enjoy during your lunch break.

You may need to layer up as the water is still a little cold. A spray or other waterproof top is suggested. **Dry clothes** to put on after sailing are important. If you are racing, you need a **waterproof watch** that will do a countdown for starts.

How many children will be in the program?

Beginner opti: 6 per instructor

Intermediate opti: 8 per instructor

Racing opti: 10 per instructor with backup support boat.

Feel free to contact sbcsecretary@logic.bm for further information.

SBC Junior Sailing would like to thank the Bermuda Education Network and the Bermuda Sailing Association for the support they provide to enable sailing to happen at SBC.
